Survey Statistics

Model-Based Screening for Robust Estimation in the Presence of Deviations from Linearity in Small Domain Models
Julie Gershunskaya and Terrance D. Savitsky

Exact Adaptive Confidence Intervals for Small Areas
Kyle C. Burris and Peter D. Hoff

Comparing Alternatives for Estimation from Nonprobability Samples
Richard Valliant

Survey Methodology

Do Interviewers Moderate the Effect of Monetary Incentives on Response Rates in Household Interview Surveys?
Eliud Kibuchi, Patrick Sturgis, Gabriele B. Durrant, and Olga Maslovskaya

Do I Look and Sound Religious? Interviewer Religious Appearance and Attitude Effects on Respondents’ Answers
Zeina N. Mneimneh, Julie De Jong, Kristen Cibelli Hibben, and Mansoor Moaddel

An Examination of an Interviewer-Respondent Matching Protocol in a Longitudinal Cati Study
Brady T. West, Michael R. Elliott, Zeina Mneimneh, James Wagner, Andy Peytchev, and Mark Trappmann

Reading Fast, Reading Slow: The Effect of Interviewers’ Speed in Reading Introductory Texts on Response Behavior
Michael Bergmann and Johanna Bristle

A Mixed-Mode and Incentive Experiment Using Administrative Data
Brian Bucks, Mick P. Couper, and Scott L. Fulford
Modular Survey Design: Experimental Manipulation of Survey Length and Monetary Incentive Structure
Andy Peytchev, Emilia Peytcheva, Johnathan G. Conzelmann, Ashley Wilson, and Jennifer Wine 370

Using Response Propensity Modeling to Allocate Noncontingent Incentives in an Address-Based Sample: Evidence from a National Experiment
Michael T. Jackson, Cameron B. McPhee, and Paul J. Lavrakas 385

For instructions on submitting a manuscript to the Journal of Survey Statistics and Methodology, please see the Instructions to Authors Web site at https://academic.oup.com/jssam/pages/General_Instructions
